RESOLUTION T-16888  
December 1, 2005

**R E S O L U T I O N**

Resolution T-16888. Adopting a California Teleconnect Fund (CTF)  
Surcharge rate of 0.13%, beginning January 1, 2006.

---

**Summary**

This resolution adopts a surcharge rate of 0.13% effective January 1, 2006 until further revised by the Commission<sup>1</sup>. All telecommunications carriers shall assess a CTF rate of 0.13% on their end-user's bills rendered for intrastate telecommunications services on January 1, 2006, and thereafter.

**Background**

The California Teleconnect Fund was implemented under Decision (D.) 96-10-066 on October 25, 1996. In this decision, the Commission reaffirmed its commitment to universal service, and in accordance with state and federal directives, created the CTF to provide discounted rates for a family of telecommunications services for schools and libraries, government-owned health care providers and qualifying community based organizations.

In October 1999, Public Utilities (PU) Code Sections 270-281 were codified as a result of the enactment of Senate Bill (SB) 669 (Stats. 1999, Chapter 677). PU Code Section 270(b) requires that the monies in the CTF and five other funds may only be expended pursuant to PU Code Sections 270-281 and upon appropriation in the annual Budget Act.

**Discussion**

In this Resolution, the Commission adopts a 0.13% CTF surcharge effective January 1, 2006, until revised by the Commission. The development of this surcharge rate is demonstrated in Appendix A. A CTF surcharge rate level of 0.13% is necessary to fund

the estimated obligations shown in Appendix A. The expended and anticipated program expenses from FY 04-05 are within the limits set by the annual state budget act.

The 0.13% CTF surcharge rate shall take effect on January 1, 2006, until further revised by the Commission. All certificated telecommunications carriers shall assess a revised CTF surcharge rate of 0.13% on their end-user's bills rendered for intrastate telecommunications services on January 1, 2006, and thereafter.

### **Modified Advice Letter Filings**

By Resolution T-16901, issued December 2, 2004, the Commission modified the current tariff process for revising telecommunications Public Programs surcharge rates. The new process requires all certificated carriers filing tariffs with the Commission to file a generic tariff reference to Pacific Bell (DBA SBC California) tariffs for the list of Public Program surcharge rates and the Reimbursement Fee. This process change is effective with surcharge rates and reimbursement fees implemented on January 1, 2005 and thereafter, until revised by the Commission.

To comply with the modified tariff process, SBC California should file an Advice Letter on or before December 15, 2005, to modify the CTF surcharge rate from 0.16% to 0.13%, effective January 1, 2006 and thereafter, until revised by the Commission. Pursuant to Ordering Paragraph #1 of Resolution T-16901, all other carriers with Commission-filed scheduled tariffs should be cross-referenced to SBC California's tariff for all future changes in the Public Program surcharges, including the CTF. Therefore, these carriers are not required to file an Advice Letter reflecting the new surcharge rate of 0.13% effective on January 1, 2006 and thereafter. These concurring carriers are required to implement the new CTF surcharge rate change from 0.16% to 0.13% on January 1, 2006 and thereafter on their intrastate billings, until revised by the Commission.

Finally, all other carriers who do not file tariffs with the Commission must ensure that the revised surcharge rate of 0.13% is implemented on their intrastate billing starting January 1, 2006, and will continue thereafter, until revised by the Commission.

### **Notice of Availability and Comments**

To comply with PU Code § 311 (g), copies of the notice letter were e-mailed on November 1, 2005 to all telecommunications carriers, the CTF Administrative Committee (CTF-AC), and the parties of record in R.95-01-020/I.95-01-021 informing these parties that this draft resolution is available at the Commission's website
